WE LOVE BEING ZIONISTS!

As we drove along the beach front of Port Elizabeth, we spotted a group of AmaZioni on the beach performing a ceremony. The first thing that came to mind was the exciting thought that these are 'Our People'. We realized once again the honor we have to be able to be part of such a harvest

field. The past months in the 'Big City' have been a much bigger adjustment than we thought possible; however the ministry opportunities have exceeded our expectations. We are working in a small township in which there are ten Zion Churches, Barry has been focusing on three of those churches,

going to Sunday services and visiting during the week to build relationships. We have been surprised by the fact that these folk have not even heard of ZEMA and at how poor they are both physically and spiritually. We plan to continue building relationships and to look for two or three men and woman to mentor so that they can become fellow workers. We are so excited to see what the Lord is going to do as we expand our ministry and continue to share His good news with "Our People".

Total Transformation

Recently there has been a transformation at Ramlakan Primary School near Sunbury Christian Camp. Since arriving in 2011, I have always been aware that this school is “needy” of certain things. Some needs are beyond me, such as more skilled teaching staff, proper government funding that should be supplied but is not, and the unhealthy atmosphere in which most students are brought up in. These things that are often overwhelming are just reminders to pray, keep praying and trust that God has a plan. Other needs are quite simple, some a bit expensive and others require time, which is often harder to give than money for some people in our community. So what happens when you rally up a group of volunteers from church, seek paint donations from local businesses and sacrifice sleeping-in on a few Saturdays? Total transformation! Our prayer is that through our continuous love and investing into the lives of these students, that they too will be transformed through the love of Christ. Please join us in that prayer!

It's amazing how quickly years of dirt can be covered up with paint!
